

# Erdem Özkök

React Native Developer

## EDUCATION

---

### Computer Programming @ Ataturk University

SEPTEMBER 2020 - DECEMBER 2021 | GPA: 3.19

### Nursing @ Istanbul University - Cerrahpasa

SEPTEMBER 2020 - JANUARY 2023 | GPA: 3.64

## WORK EXPERIENCE

---

### React Native Developer @ Akinon

NOVEMBER 2022 - APRIL 2025

#### Product Department - AppMaker Team (2 years)

- Worked on AppMaker, a modern mobile application development tool by Akinon, actively utilized by over 200 developers on a single codebase. Cloud-based e-commerce ecosystems similar to Shopify.
- Specialized in the mobile segment using technologies including React Native, Expo, Redux, AppCenter, and CodePush.
- Contributed to the mobile app development of Akifast, an online payment application actively used by more than 10 brands, featuring secure card storage and rapid checkout functionalities similar to Hepsipay.
- Developed comprehensive unit tests using Jest, significantly improving the test coverage rate to approximately 90%, ensuring robust and reliable application performance.

#### Professional Services Department - Mobile Team (6 months)

- Addressed critical bug fixes and feature enhancements.
- Managed integrations and dependencies for 10+ third-party SDKs (**Sentry, Firebase, Emarsys, Adjust, Insider, Related**, etc.)
- Took initiative in optimizing development processes, significantly improving efficiency during critical phases.
- Supported deployment and ongoing maintenance for over 35 global brands, including Samsung Shop, Tefal, U.S. Polo Assn., Lacoste, Marks & Spencer, Koton, and Lulu Online.
- Adopted a product-oriented development approach in integrating and maintaining third-party libraries, benefiting both internal projects and partner products.

### React Native Developer @ Yesil Science

SEPTEMBER 2020 - JUNE 2022

- Developed the **Healtius** application, a symptom-based diagnosis assistant providing probable illness identification and detailed medical information.
- Contributed significantly to **Yesil Health**, an extensive health management app integrating features from **Healtius**, enabling direct messaging with medical coaches, and facilitating tracking of health-related habits.
- Utilized React Native and prominent packages including Redux, React Navigation, Axios, Async/Encrypted Storage, Firebase, Apple/Google Authentication, Socket.io, and i18n-js.

[+90 534 678 9924](tel:+905346789924)

## TECH SKILLS

---

- React Native
- React
- NodeJS
- Javascript
- Python
- Typescript
- Expo
- Firebase
- Redux/RTK/Context API
- Swift, Objective-C
- Kotlin, Java
- Jest
- Git, Jira
- Xcode, Android Studio
- Axios

## PROJECTS

---

- [Yeter App](#)
- [Bul AI App](#)
- [Motivacraft Mobile App](#)
- Yesil Health
- Healtius

## CERTIFICATES

---

- Fundamental of Mobile App Security
- IOS Programming with Swift
- Introduction to Operating Systems
- Cisco IT Essentials
- 52. Istanbul React Native Bootcamp
